Summary 5

List of authors 7

Introduction 9

Unit 1. What is innovation? 11

Objectives of the Unit 12

1. A diagnose of the situation 13
2. The paralysing search for culprits 15
3. Modernisation and innovation 16
4. Reform and innovation 20
5. Innovation: factors for success 24
6. Innovation in foreign languages 27

Basic concepts 30

Topics for reflection 30

References 31

Unit 2. Coordinating efforts in the classroom 33

Objectives of the Unit 35

1. Introduction 36
2. Coordinating classroom roles 36
   - 2.1. Who is who? 36
   - 2.2. Working together 37
3. Making the most of your practicum 38
   - 3.1. Common challenges 38
   - 3.2. Practical tips for the practicum 39
   - 3.3. Tips for maximizing your growth 41
4. Opportunities abroad 42
   - 4.1. Working as a language assistant 42
   - 4.2. Working as a teacher abroad 44
     - 4.2.1. Visiting Teachers from Spain Program 44
     - 4.2.2. Actividad Educativa Española en el Exterior 45
     - 4.2.3. Other programs 46
5. EPOSTL: reflection, collaboration and self assessment 46
   - 5.1. What is the EPOSTL? 46
   - 5.2. How can you use the EPOSTL? 48

Basic concepts 50

Topics for reflection 50

References 51

Unit 3. Reflective teaching in FL classrooms 53

Objectives of the Unit 54

1. Introduction 55
2. What is reflective research? 55
3. Reflection in and on action 57
4. Instruments and tools for reflection 59
   - 4.1. Teaching journals 59

4.2. Lesson reports 61
4.3. Surveys and questionnaires 62
4.4. Audio and video recording of lessons 63
4.5. Observation 64

5. Action research 65
6. Conclusions 67

Basic concepts 69

Topics for reflection 69

References 70

Unit 4. Writing and publishing your research 71

Objectives of the Unit 72

1. Introduction 73
2. What is research? 73
3. Quantitative methods 76
4. Qualitative methods 78
5. How to write your research 81
6. Conclusions 83

Basic concepts 85

Topics for reflection 86

References 87

Unit 5. Critical thinking 89

Objectives of the Unit 90

1. Critical thinking in the curriculum 91
2. Definition and characteristics of critical thinking 91
   2.1. CT cognitive skills and sub-skills 95
   2.2. Dispositions of the good critical thinker 99

3. Critical thinking in class 102
4. Critical bilingualism 105

Basic concepts 109

Topics for reflection 109

References 110

Unit 6. The use of ICT in the EFL classroom 113

Objectives of the Unit 114

1. Introduction 115
2. Classroom equipment 115
    2.1. Characteristics of a 21st century classroom 116
3. Teaching and learning through ICT 118
    3.1. Input sources 119
    3.2. Output sources 122
    3.3. Audio-visual aids 123
        3.3.1. Using audio-visual aids successfully 123
4. 21st century tools 124
5. Characteristics of an edtech teacher 125
6. Conclusion 128

Basic concepts 129

Topics for reflection 129

References 130

Unit 7. Virtual learning environments and blended learning 131

Objectives of the Unit 132

1. Introduction 133

2. Virtual learning environments (VLE) 133
2.1. What is a VLE? 133
2.2. Potential benefits of the VLE 135
2.3. Challenges related to the VLE 136
2.4. Available platforms 137
2.5. Content creation 138
3. Blended learning 139
3.1. Types of blended learning 139
3.2. Why use blended learning? 140
3.3. Blended approach for oral skills 141
3.4. Blended approach for written skills 142
3.5. Difficulties with the blended approach 144
4. Summary 145
Basic concepts 146
Topics for reflection 147
References 147

Unit 8. Teachers' professional development 149

Objectives of the Unit 151
1. Introduction 152
2. Informal professional development activities 152
2.1. Teaching journals 153
2.2. Peer coaching 154
2.2.1. Peer mentoring 155
2.3. Study groups 156
2.3.1. Teachers' associations 156
3. Academic professional development: teachers as researchers 157
3.1. Master's degree in various didactic approaches 157
3.2. PhDs 157

4. Professional development: school management 158
4.1. Head of department 158
4.2. Director of studies 159
4.3. Headmaster 159
4.4. Inspector 160

5. Teachers as social agents 160
5.1. Teachers as leaders 160
5.2. Teachers as social mediators 162

6. Conclusion 164

Basic concepts 165

Topics for reflection 165

References 166

Unit 9. Themes and topics for research innovation 167

Objectives of the Unit 168

1. Introduction 169
2. Innovation at school level 169
3. Innovation at class management level 172
3.1. Flipped classrooms 172
3.2. Threshold concepts 174
3.3. Bricolage or tinkering with resources 176
3.4. The dogme approach 176

4. Innovation in teaching materials 178
4.1. Teacher-produced materials 179
4.2. Student-produced materials 181

5. Conclusion 183

Basic concepts 184

Topics for reflection 184

References 185

Unit 10. Intercultural communicative competence 187

Objectives of the Unit 189

1. Introduction 190
2. Describing ICC and the intercultural speaker 190
   - 2.1. Skills 193
   - 2.2. Knowledge 193
   - 2.3. Attitudes 194
   - 2.4. Critical cultural awareness 194
3. Acquiring ICC in an educational setting 194
   - 3.1. The classroom 195
   - 3.2. Fieldwork 196
   - 3.3. Independent learning 197
4. Understanding oneself, understanding the others 197
   - 4.1. Socialisation 198
   - 4.2. Stereotypes and prejudices 198
5. Planning a curriculum for intercultural communicative competence 201
6. Assessing level of intercultural communicative competence 203
7. Conclusion 205

Basic concepts 206

Topics for reflection 206
